

## **Hawaiian Fruit Salad**

Recipe 49 of 365

This is delicious as is (at any time of day), but would also be great for chips (in which case finely chopping the fruit would be best) or grilled fish. Add a squirt of sriracha, if you'd like.

TIME: 15 minutes

MAKES: 4 servings

1 large avocado

1 large mango

1 small papaya

1 packed tablespoon finely chopped fresh cilantro

Juice of 1 large lime

1 tablespoon extra virgin olive oil

Salt and freshly ground pepper

Peel, pit, and chop all the fruit. Place it in a mixing bowl, stir in the cilantro, lime juice, and olive oil, and season to taste with salt and pepper. Serve immediately.
